THE ICSID CASELOAD – STATISTICS
This new issue of the *ICSID Caseload – Statistics* provides an updated profile of the ICSID caseload, historically and for the Centre's fiscal year 2011. It is based on cases registered or administered by ICSID as of June 30, 2011.

As in the previous issue, this document examines: the number of cases registered under the ICSID Convention and Additional Facility Rules; the number of other cases administered by the ICSID Secretariat; the basis of consent to ICSID jurisdiction invoked in registered arbitration and conciliation cases; the geographic distribution of ICSID cases by the State party to the dispute; the economic sectors involved in ICSID disputes; the outcomes in ICSID arbitration and conciliation proceedings, (including further information on disputes decided by arbitral tribunals); the nationality and geographic origins of arbitrators, conciliators and *ad hoc* committee members appointed in ICSID proceedings, and outcomes in annulment proceedings under the ICSID Convention.

The Secretariat will continue to publish the *ICSID Caseload – Statistics* on a bi-annual basis, and welcomes any comments or suggestions by email at ICSIDsecretariat@worldbank.org.

The ICSID Secretariat offers various levels of administrative and organizational support for non-ICSID dispute settlement in State-State or investor-State proceedings. Among the State-State cases administered in the past decade are the *Southern Bluefin Tuna* case (Australia and New Zealand v. Japan), an expert determination proceeding under the Indus Waters Treaty of 1960, and an arbitration under the Softwood Lumber Agreement of 2006 (United States v. Canada).

The Centre also frequently provides administrative assistance to investor-State arbitrations under the UNCITRAL Rules or other ad hoc dispute settlement provisions. The Centre’s services in these proceedings range from support with the organization of hearings to administrative services comparable to those provided in ICSID cases. The Secretariat also acts as appointing authority, and decides proposals for disqualification of arbitrators, upon request. In addition to administering UNCITRAL arbitrations, ICSID has also assisted with the organization of hearings in arbitration proceedings conducted under the auspices of the ICC, LCIA, PCA, and other institutions.
