Investigation Report

Prepared by Joe Lopez

Subject: Jo Reynolds

**On September 30, 2019, I surveilled [REDACTED]
[REDACTED] The purpose of the surveillance was to determine if the residence was occupied by a Jo Reynolds. After surveilling the residence for about two hours, I attempted to make contact with the resident of that location. As I knocked on the door, a neighbor approached and advised me that the apartment was unoccupied and had been so for about two months. The neighbor further advised that the apartment was being renovated. According to the neighbor, the previous occupant had been a man by the name of Jeffrey. I asked the neighbor if she had seen a female, weighing about [REDACTED] occupying any of the apartments at that address. She stated that she had been renting at that location for several years and had seen no one matching that description at that address.**

I then contacted the manager of the apartment complex at his office. I asked him if he had known or seen any occupant of the apartments fitting the description of an elderly, obese woman. He stated that he had managed the apartment for over two years and was not familiar with anyone fitting that description. I then asked him if he recalled anyone residing at the complex by the name of Jo Reynolds. He stated that to his knowledge, no one by that name had lived at that location during the time that he had managed the complex.
