**Subject:** RE: Certification of completion phase of work

Good morning. Attached CDA certification.

Chemi requested certification to the client, pending delivery, I notified Chemi to follow up.

Leo requested certification from MINSA-CAPSI's inspectors and talked to Yesenia, Roja and Sandoval about it and they are looking for a way to issue the certification without committing themselves but apparently they are afraid to sign it. Leo tells me I've to discuss this with you.

**Subject:** Certification of completion phase of work

Colleagues, please ask the client (Construction Inspector) for the letter certifying completion of the work phase, (we need this letter as soon as possible), in the future it will be SOP each time a phase is completed.

Bd. Adjunto certificación de CDA.

Chemi solicito certificación a cliente, pendiente a que se le entregue, le comuniqué a Chemi dar seguimiento.

Leo solicito certificación Inspectores MINSAs-CAPSI y hablo con Yesenia, Roja y Sandoval al respecto y están buscando la forma de expedir certificación sin comprometerse pero aparentemente a miedo de firmar certificación. Me indica Leo que converso contigo al respecto.

**Subject:** Certificacion de culminacion fase de obra

Compañeros, favor solicitar a cliente (Inspector de obra) carta que certifique culminación de fase de obra, (necesitamos carta a la brevedad posible) en futuro será SOP cada vez que culmine una fase.
