Subject: RE: Approval of Structural Plans -Markets

Good morning Johnathan,

Today, I stopped by the town hall to check the comments of the MOP, but the person in charge of evaluating it did not show up to work today. Any progress with the account of foundations and structure??

Regards,

Arnaldo A. Fernandez

That's right, right now the plans are in the MOP waiting for the comments that were corrected by that identity to be reviewed.

Regards,

Coincidentally, they told me it is in process, so don't worry.
We're running at full speed

Dear Johnathan,

As I told you this morning, the approved structural plans and concrete tests were taken

to Maria Serracin for the approval of the accounts submitted to the Municipality. I also want to mention that I needed a copy of the Municipality procedure asking the MIVI to certify the soil use of the Pacora project.

I look forward to your usual cooperation on these subjects,

Arnaldo A. Fernandez

Johnathan,

As I told you, Ismael has already signed the structural plans last Thursday, and last Friday all the comments of the ANAM were corrected, with the exception of Pacora's soil use. Anam is asking me for this document because it is a requirement for the approval.

Please print or send by email the soil use document of Juan Diaz and Pacora. This document is important because otherwise Anam will not stamp the blueprints.

Let me ask you the following, now with the structural plan already signed, can we send it to Maria Serracin to get ahead on the inspection??

Buen día Johnathan,

Hoy pase por el municipio a verificar los comentarios del MOP , pero la persona que evalúa el mismo no se presentó a trabajar en el día de hoy. Algún avance con la cuenta de las fundaciones y estructura??

Saludos,

Arnaldo A. Fernandez

Es correcto, ahora mismo los planos están en el MOP esperando que me revisen comentarios corregidos por esa identidad.

Saludos ,

Johnathan ,

Hoy en la mañana como te indique se llevaron los planos estructurales aprobados y pruebas de concreto a Maria Serracin para aprobación de cuentas presentadas al municipio. También te menciono que necesito copia del trámite del municipio pidiendo al MIVI la certificación de uso de suelo del proyecto de Pacora.

Quedo atento a tu siempre cooperación con estos temas,

Arnaldo A. Fernandez

Subject: RE: Aprobación Plano estructurales-Mercados

Johnathan,

Como te comente ya Ismael firmo los planos estructurales el jueves pasado y el viernes se corrigió todo los comentarios de la ANAM Con excepción del uso de suelo de Pacora. Anam me esta pidiendo este documento porque es requisito para la aprobación.

Favor imprimir o enviar por email e documento de uso suelo de Juan Diaz y Pacora. Es importante este documento porque si no Anam no va sellar los planos.

Te pregunto lo siguiente con el plano ya firmado de la estructura podemos enviárselo a Maria Serracin para adelantar la inspección??
