Hello,

I will be on Sunday, it seems at 16.30, now I will reset the schedule and back on Thursday 30.1 in the first half. Ready to meet and negotiate with everyone, the most delightful if you buy kilowatts.

It is desirable to Lithuania, but the first priority is your meetings. To Lithuania whenever possible on any given day.

Very cold, in Ivalo it was -26. On the coast warmer ...

Hello!

How is it in Norway - cold? :)

Tell about your plans:

1. When you arrive - at what time?
2. How many days in Riga?
3. Will you go to Lithuania or not?
4. when back? In what time?

Regarding meetings in Riga:

1. I spoke to [REDACTED] by frenzy from the ministry - there is an option to buy a square and start a new ship under them. It is necessary to meet with a person who can sell extra square meters, and will help with the design of the necessary documents. We need to know the day when we can meet with him.
2. I called the co-owner of [REDACTED] - he is also ready to meet.
3. You will still need to meet a person, which will tell us all the nuances of legislation and help with the right people in the Ministry or other state institutions.

Here is a plan.

We are looking forward to more accurate information about your arrival, plans for Riga and / or Lithuania!

Salut!

Привет,

Я буду в воскресенье, кажется в 16.30, сейчас сброшу расписание и обратно в четверг 30.1 в первой половине. Готов со всеми встречаться и договариваться, самое делательное если купить киловатты.

В Литву желательно, но первый приоритет это твои встречи. В Литву по возможности в любой день.

Очень холодно, в Ивало было -26. На побережье потеплее...
