Dear Sir/Madam,

Good day

We are the owners of fishing vessels:

Mv SENATOR, IMO No. 6812986, Flag: Latvia;

Mv SALDUS, IMO NO. 8423155, Flag: Latvia;

Mv SOLVEIGA, IMO: 8520173, Flag: Latvia

Mv SOLVITA, IMO: 8721765, Flag: Latvia

Our vessel are ready for their voyage to SVALBARD zone in order to catch Snow crab. Our vessels have all appropriate Certificates and Licenses.

In order not to have any problems with the allowed area for catching we kindly ask you to inform us about the coordinates of conservancy areas where we have not the right to catch.

Also please inform us – do we have the right to catch the snow crab less than 12 nautical miles from Svalbard and Islands around Svalbard.

Also please inform us what is the rules concerning informing of Coast Guard or any department on catching of crab

Best regards,

Andrey Kinzhalov
