Hi (:

This has been with me for a few days, but you are actually the right person here.

Subject: NEAFC register

Hi Hanne,

I have been in contact with Sigmund Hågensen regarding a question concerning the NEAFC register and was given your telephone number. I have tried to call you on two occasions.

We have a question regarding the NEAFC area. How should registrations take place?

This applies for fishing for snow crab in the area.

It would be good if you could describe this process for registration and how long it takes to obtain registrations?

I look forward to hearing from you

Best regards
